Dog Name: _____

In the event of my death or permanent incapacitation, I transfer all frozen semen from the above dog to:

Name: _____

Address: _____

Phone: _____

Please read the following statement and sign below:

International Canine Semen Bank-New Hampshire and Southern Maine (ICSB-NH & S.ME) agrees to collect, freeze and store canine semen from the above dog. The frozen semen will be available to the semen owner(s) for the use/shipping following standard procedures, instructions to be supplied to the semen owner(s) after the semen is stored. Payment is due at the time of collection. Initial collection, freezing and storage fees will include the first year of semen storage.

Late payment is subject to a 1.5% per month (18% APR) interest and \$5.00 late fee per month. After 90 days of non-payment, the account will be placed in inactive status. A charge for reactivation will be made. After 180 days (6 months) of non-payment, the frozen semen will be subject to disposal and/or ownership will be given to ICSB-NH & S.ME for use as ICSB-NH & S.ME sees fit. This may include sale or transfer of ownership of the frozen semen by ICSB-NH & S.ME. The account balance will be submitted to a collection agency for collection. Accounts must be current in order for frozen semen to be released.

ICSB NH & S.ME fees for semen collection, freezing and storage are charged at the time of collection and on an annual basis for storage. There are additional fees charged by ICSB-NH & S.ME when the stored semen is shipped for breeding or transfer. These fees are usually termed shipping preparation, shipping tank rental, and actual shipping charges to ship the semen to its destination and for the return of our empty tank.

Sperm cells will eventually cease living, but no one knows or can predict when this will occur, and it can vary from dog to dog. ICSB NH & S. ME shall not be held liable for, and cannot guarantee conception from frozen canine semen. Nor can ICSB NH-S.ME guarantee that the frozen sperm cells will be viable at the time of thawing for insemination.

In the event of loss or damage of frozen semen due to natural causes due to weather, fire, storage, shipping tank failure, or shipping tank accident/damage, ICSB-NH & S.ME would not be held liable for the loss or the replacement value of the frozen semen. ICSB NH&S.ME will no longer be responsible for frozen semen once it leaves our facility.

***NOTE: If this dog is owned by more than one owner and the person completing this authorization form wishes to be the sole owner of this frozen semen, a TRANSFER OF OWNERSHIP form must be completed and returned to ICSB by each owner/co-owner, agreeing to transfer the ownership of this frozen semen to the owner/co-owner wishing to be sole owner of this semen.**

ICSB is required to have a copy of the dog's registration before the frozen semen can be released for use.

By my signature below, I understand and agree to the above terms and conditions:
